

The Greater Manchester Chamber of Commerce presents

PechaKucha™

Going Green In Business & Beyond

The Greater Manchester Chamber of Commerce invites you to our May PechaKucha breakfast forum. These events explore issues affecting Manchester and the region in a new creative format.

PechaKucha was devised in Tokyo in February 2003. Drawing its name from the Japanese term for the sound of "chit chat", it rests on a presentation format that is based on a simple idea: 20 images x 20 seconds. It's a format that makes presentations concise, and keeps things moving at a rapid pace.
