

2021 MTAG Program at a Glance

Key Information

Many communities are finding that they want more choices in places to live—choices in **location, design, and price point**—but current zoning is a barrier to creating them. This program provides funds to municipalities to hire a consultant to assist with identifying the needs, reviewing the current zoning, then re-writing or even creating new zoning to support the types of housing needed.

- Incorporated NH municipalities are eligible to apply. Rolling applications are accepted, there is no deadline.
- Grant amount: \$5,000-\$25,000. Disseminated via reimbursements. 15% match (cash and/or in-kind) from community). Simple monthly report.
- Community participation required (assistance from UNH Cooperative Extension provided).
- Funded by New Hampshire Housing. Administered by Plan NH with assistance from MTAG Advisory Board.
- **If your community does not have the resources available to complete an application, please call us so we can work with you to get one done.**

Participants To Date *(with consultants' names)*

- | | | |
|--|--|---|
| • Boscawen (2016/\$10,000)
Central NH RPC | • Exeter (2018/\$20,000)
